Press Release

The Minister of Finance Louis Paul MOTAZE, is please to inform the national community and in particular State agents that within the framework of the continued implementation of the policy of simplifying procedures initiated by its Ministerial department and due to numerous requests from the Directorate General of Taxation platform, the Certificate of Registration is now available online thanks to the **ebulletin** application.

Indeed, thanks to this application, it is now possible, both for public officials and for banks to consult and print this precious document from an Internet connection on a computer, a tablet, a telephone... and through the Website <https://ebulletin.minfi.cm> and www.impots.cm

The extension of this reform of the DGI site to the Ebulletin site, aims to protect users from expensive trips to the various tax centers of the Republic, by making it more easy to obtain the said certificate, but also to give the possibility to the Banks to edit it for their customers.

Remember that the requirement to present a Unique Identifier Number for any transaction of an economic nature is prescribed by the 2020 Finance Law and obtaining it is free of charged.
